

Woerner Industries, LLC
Skilled Woodworking & Machining Since 1915

Church and Funeral Furniture Catalog

Quality Custom Furniture

2025

About Us

Established by William Woerner in 1915, Woerner Industries has been crafting quality American made products for over 100 years. Woerner, who was trained as a tool and die maker, originally concentrated on specialty metalwork, and he applied his machinist skills to manufacture a variety of products and parts. Always looking to diversify, Woerner successfully grew his business and acquired additional companies along the way.

The acquisition of Rochester Novelty Works in the 1920's is how Woerner branched into woodworking, furniture, and a full spectrum of products for church interiors. Woerner saw this as a natural extension of his training, stating: "if we can make the cutters used in finishing wood, we ought to be able to work with the wood itself." Woerner's son Donald, a skilled woodworker and carver, took up the developing church field. His brother Edward was also a wood craftsman, while his son Clayton applied his skills in the metal shop.

Today, Woerner Industries continues its roots in metalworking. Lassco Wizer™, our graphic arts division, manufactures Cornerrounders®, paper drills, and other finishing equipment for the printing and graphic arts industry. Woerner Precision Parts is our contract manufacturing division. Having these diverse woodworking and metal capabilities, housed in over 40,00 square feet of manufacturing space, allows us to complete any project here in our Rochester New York facility.

While William's grandson Donald Jr. sold the business in 1984, we still operate as a family business, with several of our dedicated craftsmen serving for over 30 years. William Woerner once stated, "I'd rather take a loss than let a piece of work go out of the shop before it's just right." We still keep that sentiment at the core of our business, and carry on in the tradition of handcrafting quality products that will last for generations.

1980 Bible/Missal Stand finished \$260
15"w x 13"d, 6"h

Pews Bodies

Pew seats, backs and ends can be manufactured in various combinations to meet your specific requirements. We offer three basic pew body designs which follow:

101 Solid wood seat and back

Seats are machined from 6/4 lumber (1.50" raw lumber thickness). Final thickness will be approximately 1-3/16". Seats have a scooped out contoured area for comfort. Boards are glued up with tongue and groove construction. Seats are reinforced underneath with a 1.5" thickness x 2.5" height lateral brace.

Backs are machined from 4/4 lumber (1" raw lumber thickness). Final thickness will be approximately .75". Boards are glued up with tongue and groove construction. The cap rail is fastened to the pew back with tongue and groove construction.

102 Padded seat and wood back

Seats are manufactured with a .75" veneer core plywood base with solid poplar rails across the front and back for support and anchoring. Foam is 4" thickness with 2.6# density and 45 - 48# compression ratio. Many fabrics are available for a covering.

Backs are machined from 4/4 lumber (1" raw lumber thickness). Final thickness will be approximately .75". Boards are glued up with tongue and groove construction. The cap rail is fastened to the pew back with tongue and groove construction.

103 Padded seat and back

Seats are manufactured with a .75" veneer core plywood base with solid poplar rails across the front and back for support and anchoring. Foam is 4" thickness with 2.6# density and 45 - 48# compression ratio. Many fabrics are available for a covering.

Backs are machined from 4/4 lumber (1" raw lumber thickness). Final thickness will be approximately .75". Boards are glued up with tongue and groove construction. The cap rail is fastened to the pew back with tongue and groove construction. The front of the pew back is covered with 1" foam and fabric which are removable for recovering at a future date.

Pew Ends

Pew ends are solid red oak, 2" thickness with butcher block or two-ply construction. Full pew ends have a separate 3" high foot glued, doweled and screwed to the pew end. This provides the support for anchoring to the floor. Pew ends are anchored to the floor with concealed fasteners, one per end. Two anchors are also available upon request.

Pew supports are solid red oak, two-ply 1.5" thickness. Each panel is .75" thickness. Following are standard Woerner pew ends. Custom designs are available upon request.
